The vision of Gowrie WA is to provide healthy and nurturing learning environments for our children, families and community. Our purpose is to exist to deliver the highest quality care, education and services to our children, families and community. The overall objective of the Gowrie WA Leeming Family and Community Centre is to provide a community hub, whereby we meet the service, support and information needs of individuals and families in the local communities we serve through strength based services, building on the strengths already existent in our community.

Our outcome is to provide safe, inclusive, inviting facilities, and offer a locally based single point of access to a range of services, information, activities, events and groups. To meet this outcome, Gowrie WA provides facilities for hire to the community for a range of uses and sets rates and charges for groups or individuals wishing to use the facilities. All rates and hire charges are reviewed annually and will be increased at the discretion of the Gowrie WA Board of Directors. All hirers are informed of the rates upon application; however, these rates are subject to change.
